

Family-owned Chervin Kitchen & Bath has had a long and invaluable relationship with Slotegraaf and has been designing, manufacturing, and installing high quality custom cabinetry in homes across Waterloo Region, Oakville, Muskoka, and the GTA since 1991. With Chervin, cabinetry is more than just storage space—it's an opportunity to express personality in a practical way.

## Preparing for a Meeting with Chervin

### Starting with Slotegraaf

Slotegraaf Construction's Project Managers and Designers will work with you on the interior and exterior look and feel of your home. While making your selections for the project, your Designer will help in sourcing products and services from vendors and subtrades we know and trust, like Chervin Kitchen & Bath for your cabinetry.

### Plan Ahead

Gather what inspires you, this can include:

- Pinterest boards
- Inspiration from Instagram
- Project examples off of Houzz
- Google searches

You can also check out Slotegraaf's kitchen and bathroom project inspiration or one of Chervin's showrooms to give you an idea of styles and looks that appeal to you. It's always great to have your inspiration physically or digitally ready and with you for the meeting. Chervin also recommends researching materials and considering appliances, organizational needs, and features ahead of time.

"When clients bring their inspiration in with them, it allows our Consultants to lay it out on the table and look for common themes in their selections and break down what design styles they are really interested in." -Daniel Blyer, Sales & Design at Chervin

## What to Expect from Chervin

### from their Design Phase to Installation

#### 1. Establishing Your Vision

While you will have an initial consultation with our designers and remain in contact throughout the project, Chervin's design consultants will also play a part in creating the space you're envisioning with their cabinetry. This will entail:

- In-home measurements
- Detailed design consultations in Chervin's showroom
- Assistance in materials and style matching

Other factors Chervin's Consultants will consider:

- Will the design fit the style of the rest of the home?
- Are walls changing or being removed?
- What big appliances and features will be factored in?

"The Designers at Slotegraaf establish the big picture and overall design plan; at Chervin we help to steer clients' direction when it comes to the cabinetry. We work to instill confidence in those selections, while also maintaining the big picture and vision, without clashing ideas." -Daniel Blyer, Sales & Design at Chervin

#### 2. A Snapshot of Your Potential Future Space

Chervin will provide you with 2D and 3D renderings, including a virtual walkthrough, and specifications needed for the design.

#### 3. Your Dreams Turned into Expertly Handcrafted Details

"Chervin takes great care in manufacturing cabinets that are a creative expression of you.

We have high standards and are proud of them, so you can be sure your finishes will match, your drawers will function smoothly, and your details will be expertly handcrafted." -Chervin Kitchen & Bath

## Ensuring an Excellent Experience & Final Result

When it comes to the installation and reveal of your space, Slotegraaf and Chervin work closely together through regular communication and on-site visits to ensure the details and plan remain aligned. Both establishments share a common goal and that's the clients' happiness. Seeing your vision materialize into a home that you love is all part of the plan.
